YOUNG INDIANS PARLIAMENT

Empowering the Youth to Lead and Make a Difference

The Young Indians Parliament (YIP) is a flagship initiative by Young Indians (Yi), under the Confederation of Indian Industry (CII), aimed at instilling civic awareness, leadership skills, and policy engagement among young minds. The initiative provides a dynamic platform where students can simulate parliamentary debates, understand legislative processes, and develop a solutions-driven mindset.

Supporting PM's Vision

Inspiring Young Indians into Politics

Prime Minister Narendra Modi's call to empower **one lakh** youth without political lineage to actively participate in governance is a driving force behind YiP. He emphasizes that:

"The strength of democracy lies not in lineage but in the merit and ideas of those who dare to lead."

YIP aligns with this vision by:

- **Bridging the Gap**: Moving beyond theoretical education to offer a hands-on governance experience.
- **Leadership Development**: Encouraging public speaking, decision-making, and negotiation skills.
- **Policy Awareness**: Engaging youth in meaningful policy discussions.
- **Creating Changemakers**: Preparing young Indians to take an active role in shaping the nation's future.

Program Structure

YiP follows a Three-Tier engagement model:
